

Allen High School & Lowery Freshmen Bands

San Antonio Spring Trip

March 26-28, 2010

This spring the Allen High School and Lowery Freshmen Bands will travel to San Antonio. This enrichment trip will provide our students with an outstanding educational experience as well as a chance to enjoy themselves with five hundred of their closest friends. Below is a very general overview of what our students will experience. Participation in trips of this nature are highly encouraged, but certainly not required. Students not wishing to participate in the “fun” portion of the trip will still engage in the educational session free of charge and will return home the same day.

Friday - March 26

All band students will depart in the morning for Austin where each of our concert bands will receive a special clinic/rehearsal provided by some of the most outstanding college/high school directors in our state. This will be an invaluable musical experience as our students prepare their UIL concert selections.

Saturday – March 27

Rise and Shine! Everyone will eat a great breakfast at the hotel then it's off to Six Flags Fiesta Texas where everyone can experience the thrill of the rides. Later that night there will be dinner and a dance.

Sunday – March 28

After an exhausting day riding rides, everyone will enjoy a relaxing day at Sea World of Texas. This is an educational experience all its own featuring outstanding aquatic exhibits and shows. Yes, they have rides too for those that didn't get enough the first day. Following our time here, we will return home to Allen.

Of course there will be many more details to follow. The cost of this trip will be \$400 and will cover travel, lodging, some meals and all park fees. Students desiring to attend the entire trip must complete the Spring Trip Contract Agreement and adhere to the posted payment schedule. We have a limited number of rooms available for parents wishing to serve as chaperones. Separate contracts are required for each person.
